SDI	1HP 2HP 3HP
STANDARD DUTY INDUSTRIAL COMPRESSORS BY DEVAIR	

Currently available in three sizes, SDI HVAC compressors are specifically designed to meet the needs of HVAC specialists. Splash lubricated cast iron pumps are designed for high air delivery at low speeds, reducing wear and downtime. Factory equipped with optional magnetic starters, ASME standard air receivers and OSHA standard belt guards make these safe and energy efficient units for your HVAC and other small horsepower projects.

Built with the care and attention to detail that sets all DeVair compressors apart from the competition, all models are factory tested, independently certified, and warranted for two years.

Model	HP	Pump	Tank	Displ./Del CFM*	RPM	weight (lbs)
SDI1-2030	1	DEV-20	30 gal.	5.1/3.2	950	231
SDI2-3030	2	DEV-30	30 gal.	11.8/7.4	950	250
SDI3-4060	3	DEV-40	60 gal.	15.0/10.5	890	365

**STANDARD FEATURES:**

- Cast iron compressor pump
- Industrial grade motor
- Totally enclosed OSHA belt guard
- ASME approved air receivers
- Unloaded starting
- Ball valve air outlet
- Splash lubrication

**2** Year  
Limited Pump Warranty

SDI1-2030

SDI2-3030

SDI3-4060

**REFRIGERATED DRYERS**

Water and oily residues can build-up in your system and cause problems with controls and instruments. Our HTD and ASD series dryers remove water and water vapour, when combined with our special purpose air line filters, they are ideally suited for use in conjunction with DeVair Simplex and Duplex compressors.

ASD 10 Dryer

# HDI 1/2HP TO 2HP

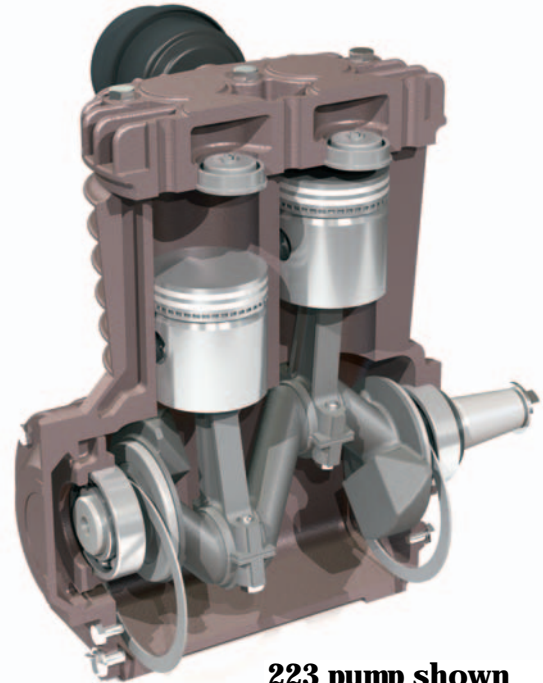

HEAVY DUTY INDUSTRIAL COMPRESSORS BY DEVAIR

Our HDI 1/2 to 2 HP reciprocating pump driven compressors offer all the rugged qualities that you have come to rely on from Devair. When low maintenance and ultra reliability are factors, you can't beat a compressor from Devair.

**STANDARD FEATURES:**

- Cast iron compressor pump
- Pressure lubrication to journal bearings
- Industrial grade motor
- Oversized main bearings and crankshaft
- Totally enclosed OSHA belt guard
- ASME approved air receivers
- Air receiver pressure gauge
- Ball valve air outlet
- Pressure switch

**7** Year  
Limited Pump Warranty

**223 pump shown**

**SIMPLEX AIR COMPRESSORS**

Model	HP	Pump	Tank	Displ./Del. CFM*	RPM	weight (lbs)
UDJ-5031	1/2	123	30 gal.	2.8/2.0	445	227
UDK-5031	3/4	123	30 gal.	4.4/3.0	695	231
UDL-5031	1	123	30 gal.	5.7/3.9	890	237
UDL-5032	1	223	30 gal.	5.7/3.7	445	400
UDM-5032	1 1/2	223	30 gal.	8.9/5.6	695	416
UDN-5032	2	223	30 gal.	11.4/7.0	890	435

**DUPLEX AIR COMPRESSORS**

Model	HP	Pump	Tank	Displ./Del. CFM*	RPM	weight (lbs)
UDJ-5542	1/2	123	60 gal.	2 x 2.8/2.0	445	446
UDK-5542	3/4	123	60 gal.	2 x 4.4/3.0	695	447
UDL-5541	1	123	60 gal.	2 x 5.7/3.9	890	454
UDL-5542	1	223	60 gal.	2 x 5.7/3.7	445	504
UDM-5542	1 1/2	223	60 gal.	2 x 8.9/5.6	695	507
UDN-5542	2	223	60 gal.	2 x 11.4/7.0	890	517

\* ~~Displacement~~: Actual air delivery will depend upon conditions of operation.
