

OUR DV SYSTEMS AIR COMPRESSOR IS UNBELIEVABLY QUIET!

**WILLIAM MONTEITH,
GENERAL MANAGER
ZENETEC COLLISION,
BARRIE, ONTARIO**

When we asked **William Monteith, General Manager of Zenetec Collision Repair Centre**, a 22,000 Sq. Ft. State-of-the-Art Facility in Barrie, Ontario what he thought about his DV Systems air compressor, he paused for a moment then said that it's so quiet, reliable and efficient that he doesn't even think about it. He's able to focus on what matters the most, his family-owned business.
