

## IT'S OUR FIRST DV SYSTEMS ROTARY SCREW AIR COMPRESSOR, BUT IT DEFINITELY WON'T BE OUR LAST!

**ALBERT HOOGENDOORN,  
PRESIDENT, TRIPLE H  
CONCRETE PRODUCTS,  
ONTARIO**

When we asked **Albert Hoogendoorn, President of Triple H Concrete Products**, what he thought about his DV Systems Mohawk J75 variable-speed, direct-drive rotary screw air compressor, he was happy to say that it delivers all the air they need to power their plant efficiently & reliability. With delivery right on time and the entire purchase and post-sale support process being seamless, Albert continued to say that "It is our first DV Systems air compressor, but it certainly will not be our last!".
